TEACHERS WIN 2½% PAY HIKE

Jefferson Elementary school district teachers were granted a blanket 2½ per cent increase Monday night by the board of trustees. The much disputed "Master Barrier," although lowered, was still retained in the highest pay classification.

Teacher James Hough, salary committee chairman, estimated that the raise would bring the 158 classroom teachers' salary expenditure to \$709,637, an increase of \$32,137 or 4.8 per cent over last year's figure. It was pointed out, however, that the increase includes the cost of hiring 16 additional teachers.

Tuesday night's decision climaxes over a month of deliberation by the board. On May 11 the board adopted a salary schedule granting a one per cent increase which was hotly disputed by the teachers, thus resulting in the new schedule.

The teachers, represented by Hough, objected to the first schedule on the basis of too much importance attached to an M. A. degree. They claimed that post graduate units would more nearly fit the needs of a classroom teacher.

Form Committee

Plans for an evaluation committee to approve additional units are now being formulated.

The board chose the new salary schedule over Trustee Henry Kraus' "no" vote. Trustee Michael Callan was absent from the meeting.

"I feel the board would be moving in the wrong direction by reducing the educational requirements," Kraus said, in explaining his action.

Hough presented a total of four compromise proposals, the other three of which would have cost the district roughly \$714,727, \$692,550 and \$692,400.

The approved salary ranges from \$3790 (beginning salary) to \$6480 (top salary). Requirements for reaching higher pay classifications are as follows: AB or less, AB plus 15, AB plus 30, AB plus 45 or MA, and MA plus 15.

Administrator Raise

The board also granted a pay raise to the administrative staff at Tuesday night's meeting. Cost of administrative salaries this year was \$95,452, and the new expenditure will be announced next week.

Salaries of the administrative staff personnel are determined by a ratio scale whereby a fixed number is multiplied by the appropriate figure on the teacher salary schedule. Thus the administrator paid for both his more complex duties plus his education and teaching experience.

The proposed rating scale presented by Fred Schweickhardt was turned down by the board. The board approved a lower ratio than sought by the administrators and also broadened the difference between principals and coordinators' salaries.

Also on the agenda was:

1. Setting Colma Principal Hilard Allison's salary at \$7183.
2. Raising Business Manager Harry Aronson's salary to \$7500 from \$6605.
3. Refusal to take Curriculum Coordinator Louine Bostwick off the salary schedule.

The Town Record

By MONTE DAYTON

Jefferson elementary teachers got what amounted to a windfall when they received their 2½ per cent salary increase Tuesday night.

Toiling into the wee hours Monday night, the teachers association had come up with three proposals, two of which were not as substantial an increase as that finally adopted.

Shortly after 12 midnight Monday, after the salary committee had disbanded, Teacher EUGENE GRANT put forth an idea that contained the 2½ per cent raise.

The school board reviewed the four proposals Tuesday, promptly chose the after-midnight solution, giving the teachers an increase (Continued on Page 2)

Jitney Officials Fail To Show At Council Meeting

Jitney officials, who were scheduled to present rate and route information to the city council Monday night, failed to appear. City Manager Howard Stites blamed the non-appearance on a "misunderstanding of time."

The jitney officials were unavailable for comment.

Other council business Monday night included:

1. Tabling of Garden Valley and Abbey Homestead annexation until a complete survey is made.

2. Payment of a total of \$1335 to City Engineer Edwin Smith for May services.

3. Heard a request by Don Lesher, president of the Hillside Improvement club, for the recreation department to supply personnel to supervise the Colma school playground after school hours.

Stites suggested that this request be directed to the school district.

"WELCOME DANCE" IS TEEN CLUB'S THEME SATURDAY

The Mis-Behaven Teen club's biggest event of the season takes place this Saturday evening at the community center when Daly City's young set presents their first annual "Welcome Dance."

The dance is being offered to commemorate the opening of the Teen club to the entire Jefferson High School district, including Broadmoor, Colma, Brisbane, and Sharp Park.

Previously the Teen club and activities were restricted to high school students from Daly City. Ben Trotter and his band will provide the music for the festivities which begin at 8 and continue until 11:30 p.m. Tickets for the occasion may be purchased at the center.

HILLTOP HEARING ON APPEAL JULY 20

Appeal hearing on revocation of Hilltop Lodge's liquor license has been set for July 20 in Sacramento before the state appeal board.

License for the establishment, 22 Hillcrest drive, was ordered revoked on April 7 in a decision handed down by the director of the alcoholic beverage control department as a result of three board of equalization hearings in which witnesses testified of narcotics traffic at the tavern.

If the appeal board finds evidence in the hearings does not support the directors' decision, they may remand the case to him for re-hearing or dismiss the revocation order. If they back the director's decision, the beverage control department will then set the date for revocation of the license. The license remains valid until the outcome of the appeal hearing.

APPOINT VIC BAHER TO REC COMMISSION

Victor Baher, 37 West Cavour street, has been appointed to the Recreation commission, it was announced at Monday night's council meeting. Baher had been a member of the now defunct police commission and will replace a vacancy left by Walter Gillies.

One-Fifth Of Early Signers Get Vaccine

Less than one-fifth of the first and second graders who were originally scheduled to receive Salk polio vaccinations showed up for the first administration of the shots Saturday at Woodrow Wilson school.

A total of 373 children were given vaccinations at the local center, however, only 255 of the total were from Jefferson Elementary school district and the two local parochial schools. The original sign-up for shots scheduled on May 2 included 1364 first and second graders with only about 100 parental refusals.

Mrs. Helen Delafield, district health coordinator, reported today that the administration went "very smoothly."

"The volunteers did a beautiful job," she recalled.

Following is a list of schools who participated in the local administration and the number of first and second graders who reported from each school:

Benjamin Franklin, 14; Colma, 19; 87th Street, 13; Garden Village, 32; General Pershing, 18; Holy Angels, 18; Jefferson, 9; Olympia, 30; Perpetual Help, 11; Westlake, 36; Woodrow Wilson, 54; Bayshore, 14; Brisbane, 13; Midway, 12; Pacific Manor, 28; Sharp Park, 19; and Linda Mar, 32.

For the benefit of those children in the first and second grades who were unable to appear Saturday for the first injection, the Department of Public Health and Welfare is offering a make-up clinic. This will be held at the Department (Continued on Page 2)

Perkins Hearing Set July 15

State public utilities commission hearing on application of Burt Perkins to operate a commute bus between Broadmoor and West Portal has been set for July 15 at 10 a.m., it was learned today.

Perkins, proposing the Westmoor Transit Lines which would operate mornings and evenings from Broadmoor to San Francisco, had originally sought to obtain certificate of necessity without going through a public hearing. Protest of San Francisco, however, forced the issue to a public hearing.

At first the hearing was set for June 28, but confusion developed when it was discovered that the proceeding had been removed from the PUC calendar.

San Francisco, in announcing their protest of Perkins line, reversed their earlier stand on which they encouraged his proposal.

COUNCIL AGAIN REFUSES HILLTOP DANCING PERMIT

The plea for award of a dance permit to the Hilltop Lodge was taken up at Monday night's council meeting by co-owner Dan Pallas, who substituted for usual speaker, George Kirchubel.

City council members again turned down the Hilltop request for a dance permit, which is required under a new city ordinance. The Hilltop Lodge, 22 Hillcrest drive, was first refused a permit May 16 on the basis of alleged former narcotics activities at the tavern.

Pallas, after telling council members that the Hilltop was "going broke," started to pull some unpaid bills from his pocket for proof.

"That's none of our business," snapped Councilman Edward Dennis. "We still can't grant you a permit."

Other councilmen agreed despite Pallas' further pleas.

REWARD FOR forbearance during polio inoculations Saturday at Woodrow Wilson school is presented to Peter and Paul Frates, seven-year-old twin sons of Mr. and Mrs. Theodore H.

Frates, 840 Larchmont drive, Broadmoor. Kathy Giocondi, of Sharp Park, at right, not having yet been comforted with candy sucker, appears disturbed about this polio vaccine business. Mrs.

High School Teacher Hits Elementary Administration

A Jefferson High school teacher, giving an annual report to the board of trustees Monday, termed local elementary school district's recent action in offering a one per cent salary increase to instructors "an insult."

"Our teachers would have refused such an offer," said Joseph McGrath, president of the Jefferson High Teacher association, speaking at the high school board meeting.

McGrath referred to the Jefferson Elementary system as an "example of poor working conditions."

His comments about the elementary district came as McGrath was explaining to the board what factors were most important to teachers.

He said salary was usually first under consideration, while working conditions were nearly as important.

Although McGrath pointed out that the high school teachers were asking no salary increase this year, he said, "We want you to think of salary . . . not particularly this year, but in the future."

He recommended the board, to insure high quality of instructors, should put itself in the position where "every teacher looking for a job will come here first." He suggested a maximum salary of from \$7500 to \$8000 as ideal.

He said the teachers were "breaking tradition" in not coming to the board with a salary increase request.

McGrath declared the teachers had been given a "trust" when the board granted many of them tenure and said the teachers wanted to improve themselves professionally. He added that salaries should be commensurate with professional standards and went on to point out that teachers had appointed a professional improvement committee to make sure standards were continually improved.

Crisis in Education

He went on to say that there was currently a crisis in education brought about by lack of teachers.

"The thing that will help solve it," he said, "are salaries commensurate with teachers' professional responsibilities."

He cited conditions in Jefferson elementary schools as example of one of the factors contributing to the teacher shortage.

McGrath related that the Jefferson High School district would soon be faced with a need for many more teachers and asked the board that they avoid regarding salary in a "negative" light as is done in most districts.

"Salary discussions always start with the teachers instead of the board and salaries are based on what the neighboring districts are doing." This he termed the "negative" approach.

Maintain Standards

"We're trying to maintain high standards and the board should attempt to further our efforts," the president continued.

Lou Reese, chairman of the

teacher salary committee, told the board that, "Professional services of the teachers merit salaries of a professional level."

He said teachers felt they were "progressing" toward the goal of a \$4000 minimum and \$8000 maximum salary.

Board chairman Lyl Ingersoll thanked the teachers for their reports, commenting that, "We know they're overburdened now and hope they will go along with us again next year under even more severe conditions."

Trustee Mildred McGein moved that a thank-you letter be sent to all teachers at the end of the term and the motion received unanimous approval.

Wedding Guest Dies Of Heart Attack At OLPH

A Berkeley machinist died of a heart attack suffered while attending a wedding Saturday evening at Our Lady of Perpetual Help Catholic church.

Dead is Salvatore Faso, 47, 1449 Kains avenue, Berkeley.

He was rushed to Junipero Serra hospital by his wife and cousin, and despite administration of oxygen, he was pronounced dead only minutes after he arrived.

Funeral services were held at Berkeley Hills chapel in Berkeley.

CHIEF, FAHEY MEET ON SUBPOENA ISSUE

Police Chief Roland Petrocchi and Dave Johnstone's attorney, John J. Fahey, Jr., met yesterday in an hour-long conference in the chief's office at the city hall. Both participants stated that the conversation evolved around the subpoenaing of witnesses to tonight's (Friday) public hearing on the recent firing of Johnstone from the police force.

"I didn't want any shenanigans," Fahey declared, "so I made sure with the chief that my three witnesses were subpoenaed."

The three witnesses asked to appear at the hearing by Fahey are City Manager Howard Stites, District Attorney Keith Sorenson and Petrocchi.

These three plus five other persons have also been subpoenaed by the city. One other witness, William Aslon, formerly of 19 Castlemont drive, can not be located.

Subpoenas were served to the following persons: Police Lieutenant Roy Beecher; Dino Donati, 19 Castlemont; George Mountanos, 757 Beechwood drive; Charles Leahy, 726 Chestnut avenue, San Bruno; and Mary Ben Allen, 6205B Mission street.

Possible Continuance

Fahey said today that he is only asking three witnesses because of the "generality of the charges." He claimed, however, that he had spoken with John Degliantoni, chairman of the civil service board of review, on the possibility of continuing the trial.

"I may want to call further witnesses after I hear the city's position," Fahey explained.

The open meeting will start at 7:30 p.m. Degliantoni said today that Harry Bosbery will take over chairmanship duties at a business meeting preceding the hearing. The other member of the board is Clarence Schmidt.

Johnstone, who was fired from the police force three weeks ago, is accused of "association with known gamblers" and failure to inform Police Chief Roland Petrocchi of all investigations.

To Jump In '56

Discussion Monday night indicated that the basic tax rate would probably take a considerable jump in 1956-57 when Westmoor High school is opened. Additional funds will also be needed at that time for acquisition of a school site on the coastside, trustees said.

The board set up a schedule for the sale of \$1,516,000 in bonds during 1956, in lots of \$500,000 each January 1 and March 1 and \$516,000 July 1.

The tentative budget approved Monday will be submitted to county superintendent of schools for recommendation, and will be adopted following public hearing August 1.

Six Chinese Say Not Guilty of Gambling

The six Chinese arrested for gambling at a Mission street building June 6 in a raid by Broadmoor police all pleaded not guilty to the charges yesterday (Thursday) in municipal court.

The men waived preliminary hearing and jury trial was set for July 19 at 9:30 a.m. in municipal court.

Those charged with gambling include: Harry Chew, Gue Hong, Sammie J. Lee, William Wong, Yee Yow Jing, and Nee Wong Foon, all of San Francisco.

DALY CITY GROWTH RATE RANKS THIRD IN COUNTY

Daly City, fourth largest city in San Mateo county, showed the third highest rate of growth among the county's 13 cities during the period 1950 to 1954, a report from the Bay Area council showed this week.

With a population of 15,191 in 1950, Daly City mushroomed to 23,951 in 1954, according to a special census taken that year, for a booming growth of 57.7 per cent.

Only cities bettering this mark were Belmont, jumping from 5567 in 1950 to 9505 in 1954 for a 70.7 per cent rate of growth, and Menlo Park, blossoming from 13,587 to 23,000, or a 69.3 per cent increase in population.

An Honest Approach To Buying An Automobile

BY

Carl Carlson
New Owner Of

IMPERIAL MOTORS
1900 - 19th Avenue
Oldest Neighborhood
Chrysler-Plymouth Dealer
in San Francisco

I'm A Young Fellow With Old Fashioned Ideas.

When I bought this neighborhood business, Imperial Motors, a lot of old timers offered me their advice, free. They told me in effect, "Boy, you'd better work out some gimmicks, some hooks, some razzle dazzle to get people to come way out on 19th Avenue to buy from you." However, it seems to me that what Abraham Lincoln said, "You can fool some of the people all of the time, all of the people some of the time, but you can't fool all the people all the time," is so true in the automobile business.

So, I prefer to serve my neighbors out here in the neighborhood. I Don't Want To Build On One Time Deals.

Now, maybe I'm all wrong, but as I see it, a neighborhood dealer can't live on "one time deals." You must build a clientele, that comes back to you everytime they want to buy another car. So to do this you can't fool even a part of your neighbors even part of the time. Neither do I believe that the majority of the people feel they can get something for nothing. So here, briefly is our policy.

The Finest of Merchandise

We handle Chrysler and Plymouth automobiles, the finest for the money, in our sincere opinion, on the market today. In addition, with the wide range of models and prices, we feel that we can serve most anyone with a new car at a price and on terms that are comfortable for them to handle. Obviously, if a dealer loads a customer with payments that will be a burden every month to handle, that is not doing a service to that customer.

We Give The Longest Guarantee In Town.

With each new Chrysler or Plymouth we extend the factory warranty so that you get 12,000 miles, or a full year's guarantee from us, in addition to 12 free lubrication jobs.

The Greatest Possible Trade-In Value

We will at all times give you the maximum trade-in value on your present car. We will not place a value on your car that requires working in some hidden markups on the new Chrysler and Plymouth, in order to make the deal look terrific. There is a price tag in plain view on everyone of our cars showing the price of the car and each accessory.

Financing At The Lowest Possible Rates

We will work out contracts for you that will hold interest charges to a minimum. We are not advertising one interest rate for everybody, because everybody does not enjoy the same credit ratings. If your credit rating is good, your interest rates will be compatible with your credit standing.

If You're Tired of Playing Games, Drop In To See Us.

If, like so many people, you are tired of trying to find out actually what is the best automobile deal for you, drop in and see us. Let's talk the matter over as neighbors. We think we can do more for you than anybody else. Won't you give us a chance to prove it to you.

In other action, the board approved resolution of James McKay to establish a non-profit corporation to administer affairs of the new Broadmoor gym, thus making the association eligible to apply for United Crusade funds.

Stipulation was made, however, that the corporation would be established only if the BPOA directors would also serve as directors for the proposed group.

The annexation-incorporation question was discussed, and directors voted to start distribution of the Coro foundation survey made in the area to each homeowner. Vincent Cauchi will be in charge.

Building committee reported that revised plans, for the \$18,000 gymnasium, necessitated by a mix-up in the boundaries, were completed and bids would probably be advertised for next week.

Four applications for position of association bookkeeper-administrator were received but were held over after a special meeting Monday night due to lack of quorum. Robert Goodwin was temporarily named to fill the \$100 a month position. Other applicants included Ralph Divers, Ross Hilton and J. P. Reed.

FOUR FINED FOR DRUNKENNESS HERE

Four cases of drunkenness in Daly City were dispatched within municipal court Tuesday by Judge Thomas L. Bocci.

They included: Glenn T. Houston, 355 Willits, Daly City, who pled guilty to drunk driving June 7 and received sentence of 30 days in jail or \$175 fine; Gerald Roberts, Strong City Kansas, charged with being drunk here June 7, who forfeited \$25 bail; Gerald L. Mandeville, 84 Risel street, Daly City, who forfeited \$50 bail posted after being arrested while drunk in an auto on June 9; and Gordon V. Burkston, 34 Ina court, San Francisco, who pled guilty to being drunk in an auto June 13 and was sentenced to five days in jail or \$20 fine.

In recent weeks David has had to be transported home from Colma school by local police because he "wasn't feeling well."

Could be he's instigating a more gigantic celebration this year.

All the DC \$2 bettors at Bay Meadows last week probably recognized one of the men behind the cage as DICK LIBERTY, municipal court clerk, who helps put others behind the cage.

Given as Gospel: Said Mayor JOSEPH VERDUCCHI's daughter to Councilman ED DENNIS's daughter, "My father can't go to the Colma school graduation tonight (Friday). "No, mine either," replied Miss Dennis, "He's hard of hearing and has to go to a hearing."

City Manager HOWARD STITES and City Clerk B. C. ROSS, a couple of gents firm in their convictions, tangled this week over whether Stites should have some help from Ross's office.

Long-time city hall toilers were treated to a rare exhibition.

LOUI DE VRIES, Jefferson High senior, has been given a singular honor.

Her abstract painting has been chosen by Superintendent STANFORD HANNAH to adorn his new office.

Hannah saw the art work, immediately asked Loui if he could buy it. She concurred, but refused payment and donated her picture for the office.

There have been a number of talented artists at Jefferson and the administration thinks their work should be seen in the school where the talents were developed. The school board does not, however, go along with the art idea to the extent of having Architect MARIO CIAMPI design a mural to be painted in the gym at a somewhat more than gratis cost.

Man Found Drunk Attempts Suicide, County Jailer Says

A 29-year-old Florida accountant found sleeping in his car in the driveway at 611 Manila way, Broadmoor, Saturday morning and later said to be a suspect in a hit-run case in San Francisco was sentenced to \$50 fine or five days in jail in municipal court Tuesday.

While held in county jail Saturday, an inmate said the man, Norman Wilber Smith, Green Cove, Fla., attempted to take his own life by hanging himself with his belt. Sheriff's officers said the belt was taken away from Smith before any injury was inflicted.

Broadmoor Police Chief Ray Savage said they found Smith drunk in an auto at the Manila address at 8:15 a.m. Savage said Smith told them the last thing he remembered was buying a pack of cigarettes in Vallejo.

According to Savage, the car belonged to M. L. Kittridge of Vallejo.

At first, the chief said, San Francisco police believed the auto was implicated in a hit-run accident, but said later that the auto was not involved, nor was Smith.

THE BURDEN OF BEING A TEACHER

Jefferson Classroom Teachers association have had a proposal for salary increase before the elementary school board of trustees.

At this writing, we do not know if the salary increment has been approved, but would like to comment on the apparent inconsistency of the teachers' appeal for higher salaries.

On the one hand, the teachers seek shorter steps to the higher salary classifications, while on the other they are bemoaning the amount of work they must do.

In a statistical digest, they show the comparatively small amount of remuneration for extra units of academic achievement, as compared with other county school districts.

In this they appear to have a valid basis for more compensation per unit.

But mere piling on of academic units does not mean an instructor is worth that much more to the district. This extra education should reveal itself in the quality and quantity of work done by the teachers.

Here, as throughout the nation, the teachers argument for higher salaries are: 1. Low salaries compared with other districts or with the average skilled or semi-skilled wage workers. 2. That teachers are a professional group and should be so compensated for their position, which requires years of training and certain character requirements.

To us a teacher should ideally be an individual who wants to teach. If it takes eight or 12 hours a day to impart learning to the pupils, that is the teachers' calling and it should be done without whimpering or bellyaching. They chose the job.

A trustee claims that in a recent survey most of the teachers were unhappy because they had to do too much clerical work at school and correct too many papers at home.

It would seem the teachers are now joining the great movement for the seven-hour day, five-day week, although they already have what amounts to a three-months holiday, and any time taken out of that vacation for study ensures to their eventual benefit in the form of higher salary.

We do not believe any school system should attempt to get by with a skeleton staff of instructors and force these people to work themselves into collapse.

But we do feel a teacher is not being imposed upon by correcting papers at home or monitoring the daily attendance.

If the teachers want the seven-hour day, five-day week, then they should label themselves honestly—as hourly wage workers turning out students mass-production style.

If they choose to elevate their status to that of a professional in an honored position, let them act accordingly and not cry to the trustees of their "burden" of being a teacher.

Local Citizens Respond To Name Change Survey

Old Timer "Enlightens" Residents On DC Name

After reading the various arguments regarding the changing of the city's name, don't you believe some of these people should be enlightened as to why Daly City has its name.

They seem to think it was just dragged out of a clear sky, and is corny, and what have you. However, the city was named in honor of John Daly, who did so much toward the founding and building of our city. There is certainly some purpose to a name, when it is in honor of a man who deserved that honor.

As far as being a "hick" name, Westlake and all the various names similar to that are actually the "hick" names. If I didn't live in Daly City, and know where Westlake is, I would think it was a summer resort on the Russian river, or Lake County or some such place.

Maybe Daly City doesn't sound pretty, but cities are not named for the sound of them, and when there is some meaning to a name, that is the point.

I, along with a large family, and a great many friends, have been in Daly City for over 35 years, and just for the record, never once have any one of us been stoned at when we said we lived in Daly City. I think it would take something other than the mere statement you live in Daly City to make anyone stare at a person, and I think I would check and make sure that is actually what was causing the stare.

There is no reason why the people that wish to say they live in Westlake cannot do so, such as is the case in South San Francisco—with Winston Manor, and San Bruno with Mills Park. Both Winston Manor and Mills Park are in South S. F. and San Bruno respectively, but if the people prefer to use the fancy name given that particular subdivision, that is their privilege, and I see no reason why Westlake cannot go on calling itself Westlake—but leave Daly City be, as it has been for a good many years before these people graced it with their presence.

Movies For Children Program Told

With summer vacation close at hand, most families are planning activities which can keep their children busy and happy during the several months before school opens again. Not the least entertainment considered is that offered by neighborhood movie houses, which often poses a problem because of the too-often unsuitable subject matter of pictures shown.

In order to help solve this problem, the Seventeenth district, California Congress of Parents and Teachers, in cooperation with school officials and theatre owners, has set up a summer series of movies designed to interest children and satisfy parents.

According to Mrs. C. H. Preston of San Mateo, district motion picture chairman, the films are reissues of all-time juvenile favorites, reissued by the picture producing companies under the sponsorship of the Motion Picture Association of America.

Since this is the first project of its sort in the district, this summer's movie series will be screened only in Burlingame, San Mateo, San Carlos and Redwood City. However, children from all localities may attend, and it is felt that the project will be of such sufficient interest to parents in other parts of the District that widespread publicity is warranted.

The series will be screened for 12 consecutive weeks, with season tickets, on sale at the box offices of the four theatres concerned, priced at \$1.20. Single tickets will

"Dog Ville" Suggested As Appropriate Change

Dear Editor:

If they change the name of Daly City, why not call it Dog Ville. I think the name very appropriate, being there are so many dogs on the streets and our lawns.

One Westlake woman says she cringed at the name Daly City. That is what I do when I have to clean up a mess of nice hot dog yummies on my lawn.

If we change the name of Daly City we will get just as cold and wet at the top of the hill waiting for our buses.

We could have an East and West Dog Ville. Doelger village could be called West Dog Ville. East of the stinking dumps or the slum area—call that East Dog Ville.

I hope someone doesn't get the bright idea of changing the name of Marchbanks Park.

All I have to say is if you don't like the name Daly City, then go back to your home over the sea. Don't bite the hand that's feeding you. Let's keep Daly City on the map.

New Daly City Resident Approves Present Name

Dear Editor:

I do not think Daly City's name should be changed. I think it would be better to change the things that are wrong.

Daly City is easy to say and easy to spell.

Perhaps if people knew how the name came about they wouldn't want to change it.

My family and I moved here from San Francisco a short time ago and we all like Daly City VERY MUCH. I only wish I knew more about it. Until we moved here I had always lived in San Francisco.

Sincerely yours,

Lillian Glover

Every so often something comes along—a play, a musical comedy, a film—that is so outstanding that we wish that we had been among the very first opening night audience. Then we could have dashed to our typewriter to tell you all about it, knowing that our words would be among the first written on the subject. In this category is "Kiss Me, Kate," which opened this year's San Francisco Civic Light Opera Season at the Curran, and has now less than three weeks to run.

Think of being among the first to hear "Where Is the Life That Late I Lead," "Always True To You In My Fashion," "I Hate Men" or any one of half a dozen other Cole Porter hits! Think of being among the first to enjoy this modern musical comedy which neatly combines in one handsome package a musical version of "The Taming of the Shrew" and a "back-stage" story of the parallel efforts of the principal player, Frederick Graham-Petruccio, to tame his former wife, Lilli Vanessi-Katherine.

Well, we missed the original opening (Century Theater, New York, 1948) but we're certainly glad that we didn't miss Edwin Lester's stunning revival of what may well prove to be a classic, destined to return again and again, ever retaining that quality of freshness that makes each viewing a completely new experience. Provided, of course, that each succeeding company is able to find stars of the caliber of Robert Wright and Jean Fenn to handle the above mentioned dual-roles; that they are assisted by performers like Pat Crowley and Harold Lang who, as you know, is a Daly City boy-who-made-good; and that the whole show is blessed with costumes, choreography and sets such as Dorothy Jeakins, Ernest Platt and Watson Barratt respectively provided for this season's hit.

The performances of Allen Jenkins and Frank Sully as two gunmen (don't ask how they enter the story, it'll spoil it for you when you see it) are among the gems that we haven't space to detail, and Pat Crowley's costume for the famous number, "Always True To You In My Fashion" is—well, this is a family newspaper, so let's sum it up with one word. Wow!

Roberta Peters Here

Saturday evening local concert-goers heard the Metropolitan Opera's coloratura Roberta Peters for the first time when she appeared in concert at the Opera House.

During her five seasons with the Met, she has appeared in "Rigoletto," "The Magic Flute," "Der Rosenkavalier" and "Don Giovanni." It was in the role of Zerlina in the latter opera that Miss Peters made her widely-heralded debut in November, 1950, being rushed in as a last-minute replacement for an ailing prima-donna.

That summer Miss Peters was invited to sing at London's Royal Opera House, Covent Garden, in "The Bohemian Girl," conducted by Sir Thomas Beecham as one of the features of the Festival of Britain.

NoBODY WANTS EX-BROADMOOR PLAYGROUND SITE

NoBODY seems to want the "playground" property on MacArthur boulevard near Midway in Broadmoor.

In May, Broadmoor Property Owners association turned the land, which they had used as a playground, back to the original owners, the Jefferson High school district.

The district, declaring they had no use for it, put it out for bid May 23.

Opening of bids was set for Monday night, but no proposals for buying the property were received.

"Maybe it's just as well there are no bids," said board chairman Lyle Ingersoll. "A taxpayer told me we should keep the land because of the good water supply."

"By the way," he added, "We'd better get some insurance on that land as long as it's still ours."

Superintendent Stanford Hanan revealed, "Under the circumstances it's just as well we're not selling it," but didn't explain the 'circumstances.'

The matter was left standing at that point, with the high school district apparently still owner of the property.

"Unless the people of the Bay Area come to its financial rescue, Station KQED, the community's only non-commercial, educational television station, must cease operations on June 30!" Like an atom bomb the words of General Manager James Day dropped on community leaders, educators, press representatives, and other noted citizens, at a special press conference held Monday at the San Francisco Chamber of Commerce.

The group was speechless... it just can't be! This television station that after barely six months of programming, received the Special Achievement Award from the Northern California Academy of Television for "demonstrating that non-profit television programming can compare favorably with commercial operations in production and programming," and for "the credit it has brought to our area and our industry." This community television station that has brought us television programs acclaimed throughout the nation, including "Shakespeare on TV," "Great Ideas," "The Salzburg Marionettes," "Little Symphony" and many other fine children and adult programs.

It just can't be... this great educational medium that belongs to all of us... that comes right into our home with merely a twist of the dial... that adds many hours of pleasure and education to our children's lives... to our lives!

"So the leaders responded: 'For one month, KQED will launch an all-out campaign to secure a minimum goal of \$65,000 which will assure the station six months operating expenses and provide opportunity for developing a new finance program. Behind this worthy cause are newspapers, radio and television stations and all other information media, in addition to hundreds of volunteers, the San Francisco Junior Chamber of Commerce, organized labor, schools and colleges, and clubs and organizations of all kinds."

Our area is organizing forces too. Under the leadership of Mrs. Robert Buchanan of Broadmoor, Chairman of the KQED Committee for Northern San Mateo county, an organizational meeting will be held within the next week to plan the local campaign. Representatives from different sections of Northern San Mateo county will be invited. In addition all people from this area who are interested in helping out in this campaign are urged to attend the meeting. For information about the time and place, telephone PL 5-4125 or PL 5-3783.

When called upon one year ago to help KQED get started, this area responded overwhelmingly, and established the record for the highest contribution in proportion to population of any other section in the bay area counties. We know that our community will respond again. Contributions of any amount are asked for in this emergency fund appeal. Send all contributions to KQED, San Francisco.

Red Cross To Train 25,000 PTA Learns

The Red Cross expects to train 25,000 swimmers in San Mateo county this year, according to Dave Jeffords who addressed the Westlake PTA recently.

Jeffords said that only seven percent of the population swims well and 50 percent cannot swim at all. Jeffords illustrated his talk with a large tablet of sketches. Life saving methods were shown in a film entitled "Heads up." One point brought out in the film was that a swimmer should drift with the current when in trouble rather than use strength fighting against it.

Mrs. C. Anderson's kindergarten class won the attendance prize for the evening.

Total of \$144.18 was turned over to the Westlake library annex fund from the 1954-1955 term. Books are being purchased and processed and according to Mrs. Lorraine Rollandi, Daly City librarian, some

of invitations and the Hat check was taken care of by Mrs. C. Heffron. Mr. Attebury and Mr. Feurtis were the clean-up committee.

High time you discovered
the difference in Dodge!

New Dodge Custom Royal Lancer 4-Door Sedan—most beautiful car on the road today.

Next time you're driving around town, just notice the number of gleaming new Dodge cars you see on the street!

Then ask yourself: "What is it these people have found out about the new Dodge that's causing this landslide of popular favor?"

Part of it, of course, is the new Dodge styling. You can see at a glance how much bigger and more luxurious this car is—up to 9 inches longer than its competitors.

But the real story behind the rush to Dodge is

this: People are discovering the difference in the way Dodge cars are engineered and built!

They discover it in the solid, substantial feel of the car—the way it handles and rides. They learn to appreciate it in the deep-down goodness of every part and feature: Doors that don't rattle. Body joints that don't squeak. Windows that work smoothly.

There is really no substitute for the dependability that is built into Dodge. Isn't it time you discovered this difference for yourself?

Your Dodge dealer brings you the NATIONAL OPEN GOLF TOURNAMENT on television (NBC-TV) Saturday evening, June 18. Consult your newspaper for time.

Village Notes

By Gwin Mitchell

A few notes from Memorial Day still: Ralph and Maxine Gerner, with Tim and Shelley in tow, spent their weekend at Seigler Springs, owned by Maxine's sister, Mrs. Olson. They came back to Gilman in a vacation-relaxed state! The Harry Hills took off from Sweetwood for Las Vegas, where they stayed at the Sands hotel, and saw all the shows and quite a few movie stars. Daughter Christie had her vacation with her grandparents at Forest Knolls, spending a really good time of weekend. Needless to say, all the Hills had a thoroughly good time.

Larchmont's May Tracey drove up to Boyes Springs to visit her son Frank and his wife and three children. Traveling with her were her son Ray and his wife and four children. Seven grandchildren can make for a very active vacation! And speaking of the Tracey family, young Diane, who is a freshman at St. Paul's, attended her first formal dance the other night when she went to the Senior Ball at Jefferson High. Her dress was pale blue nylon net and her flowers were pale yellow—wish we could have seen how pretty she looked. Jeff senior Bill Narlock, of Brisbane, was her escort.

Last minute flash from the grapevine—the Carl Redfords are not going to leave us after all! Washington street is still home to a family we would all have been sorry to see leave.

Former Sweetwoodites, Dr. and Mrs. Fred P. Schnell, gave a birthday party at their Hillsborough home for their son Arthur recently, and old friends Helen, Maurice and Martha Whitehouse went down from Gilman for the fun, taking Barbara Amrikhan with them. When the birthday cake was brought out, Martha's name was on it as well as Arthur's, since her birthday was only two days away. She was one surprised girl!

If, should you go to see "Kiss Me, Kate," you hear a very mellow trombone solo in the middle of the "Special Face" number, take a second listen. It would be none other than George Wall, who has an egg delivery route in our Villages, in company with his wife, younger son and the family dog, and who plays for the Light Opera series in his spare (?) time!

There is a very enterprising young lady on Maddux these days. Susan Pitts is doing very nicely at finding baby-sitting and various other jobs to do in order to raise money for a much-desired trip to Girl Scout Camp at Sonoma. According to the latest statistics, she'll make it, you'll be glad to hear.

If you like snow, you should have gone with the Larry Phillips family two weeks ago when they, plus the Jim Anderson family from Oakland, went up to East Lake near Bend, Oregon. Since it is about 8000 feet up, it was not surprising that they found one lake frozen 23 inches thick, to say nothing of foot snowdrifts which served as wonderful refrigeration for the 100 plus trout the seven of them caught in four days! And to top it all off, they all came back sunburned!

There is a Fairlyland—at least in Oakland, where young Gary Ghiotti shared his 5th birthday celebration with Jenny Beckerman, Carol and Billy Milder, Mike De Martini, Patsy and Becky Silverman, Alex Allen, Stevie Talcott, Richard Fisher, Gregory MacCarthy and Gregory Feist. Between the hot weather and keeping track of everyone, Bette and Till Ghiotti were two busy parents!

With summer coming along by leaps and bounds, we began wondering what our teachers were going to do when this last school week ends, so some inquiries led to the fact that Mr. Parks is going to Alaska to teach. Mrs. Carle is planning a motor trip to Canada. Miss Tobias and Mrs. Delmas are going to summer school. Mrs. Seaman's will vacation at Clear Lake and Mrs. Lockwood will be motoring through Utah and Nevada. Miss Davis and Miss Wills will be making wedding plans, with Miss Davis looking forward to her new home in Albuquerque. Everyone else plans at least one short vacation trip just to Get Away and Relax! Even Manuel Silva, custodian par excellence of Garden Village school, has travel plans. He, with wife Lena and son Jimmy, will be traveling back to Boston, his home town, to visit friends and family.

Maddux drive's Willis and Helen Preston had visitors when Willis' parents, Mr. and Mrs. Fred A. Preston, stopped by on their way home to Lovelock, Nevada. They'd just come from Mexico, where they had gone deep-sea fishing for yellowtail and mackerel, and had also seen a bullfight in Tijuana. While they were here, the whole family went down to Princeton, where they met Helen Brother, A. L. Leal, and went out after rockfish. Very successful fishing trip it was, too!

Measles club has some new members—Marc and Anita Duste, Lorna Neill and all the small Mitchells on Washington street have served their time as initiates. Frank Bennett had a brush with the chicken pox, and some sort of flu bug has made several people miserable. Gary Hazen left some unpopulated adenoids and tonsils behind at the hospital, and Judy Logan spent some time hobbling around with a broken bone in her foot. On the positive side, we are glad to report that Gilman's Evelyn Tyler is feeling much better after too long an illness.

The stork is a weary bird, we fear, because his last four bundles for parents were king-sized ones. Sweetwood's Harold Waters is a five-time winner with Ann Marie, 9 lbs. 8 oz., Richard, Michael, Daniel and Susan think she's something special. . . . Up on Larchmont, the Robert Durands are the proud possessors of 8 lb. Nicole, with delighted Robert, Steven and Michele on the welcoming committee. . . . John Leal Azevedo Jr. has come to rule the roost on Stoneyford, with sisters Joanne and Ellen, who have been in Santa Cruz with grandma, not quite sure he's all theirs yet! . . . And Blackstone No. 3—Laurie Ellen, who weighed in at 8 lbs., 2 oz., and who is the special pet of brothers Keith and Craig.

We would like to join their friends and neighbors in expressing to Mrs. Ross and Dorothy Tenissen our sympathy on the death of their husband and father, Earl Ross. . . . The Broadmoor Presbyterian church was the scene of another wedding when Peggy Merchant's mother, Margaret Norling, was married to Mickey Ryan in an evening ceremony, with the Rev. John A. Glasse officiating, and Peggy and Bill Merchant as attendants. The reception was held at Verna and Ray Duste's Washington street home, and the bride couple left from there for a short honeymoon at Carmel.

The Westlake Catholic Women had a very nice breakfast at Rickey's Red Chimney not so long ago, and part of the reason for its success was the excellent hosting done by Jean Box and Evelyn Alexander, charming representatives of Maddux drive and Stewart avenue, respectively!

Next time you're down Village Lane way, stop by Betty Bullen's house and ask her about the souvenir she brought home the other night when the publicists' committee of the James L. Snell PTA went to the Carriage House for dinner! Kay Logan, Peg Elliot and yours truly could enlighten you also!

The delightful piano music coming from the Broadmoor Presbyterian church a few Sundays back was contributed by Inez Weibel's music students, who were giving a recital. Judy Logan, Judith Zeige, Wayne Bonser, Robert Noll, Edyth Mullen, Gary Cowden, Joan Neighber, Jacqueline Noll, and special guest Janet LePine were the able performers, and treated parents and friends to a very pleasant afternoon.

Susan Damon, Nancy Golladay and Carol Weibel are all to be congratulated. They were recently installed as officers in Job's Daughters, Bethel 198, with Susan as Musician, and Nancy and Carol as Messengers.

Frank and Dorothy Crowley greeted old friends the other day when the Halsey Blakes came down from Sacramento for a short visit on Maddux drive. Both of them work for the State, as did Dorothy when the Crowleys were Sacramento citizens once upon a move ago.

Jean Nourse is preparing for the day when her work as chairman of the annual bazaar held by the Presbyterian Women's association begins in earnest. She recently moved from a Westlake apartment to a home with a full basement! She's also closer for consultation with the rest of the group, being in the area on the hill near Bradley and Stoneyford!

If you can't see where you're going, stop going, advises the National Automobile Club. Serious injury or sudden death often lurks behind the windshield that is blurred with dust or fog.

That's My Point

By Monte Dayton

Frank "Bowie" Walsh, Daly City Mayor Joseph Verducci's one-time sports publicity man, may end the Cold War with Russia with a new variation of Davy Crockett tactics.

The portly publicist arrived in Moscow recently, wearing a two-tone tie with an American flag on one wing and a Soviet flag on the other, to give a series of lectures to Russian basketball coaches.

Frank is also after the Russians to name a Moscow street in honor of Dr. James Naismith, the man who invented basketball. He hopes to arrange for exchange visits by United States and Russian basketball teams.

Similar to Davy Crockett's tactics of grinning a b'ar to death, Frank may well talk the Rooshian Bear into paralysis.

A FRANK OF ALL TRADES

Walsh, in case you didn't know, has been actively engaged in the following pursuits: Athlete, sportsman, hobo, publicist, promoter, journalist, salesman, inventor, coach, good will ambassador, sailor, angel in disguise, target for kamikaze raiders, gambler, discoverer, baby sitter for an alligator, mosquito exterminator, malaria carrier and a husband and father.

It is actually erroneous to use the past tense in referring to his endeavors in these fields. Actually, he is all those things rolled up in one every day of the week.

A friend to hobos and presidents alike, Walsh relates the following anecdote as one of the many that make up his life's anthology:

At Duluth, Minn., Walsh was an outstanding prep athlete, participating in every sport and earning 12 letters. Upon graduation, he attended Duluth JC for one year, where his feats of sports prowess earned him a scholarship at University of Southern California.

STRIKE OUT FOR WILD WEST

He and a buddy, also a USC scholarship winner, set out for the Wide West. Lack of money, however, forced them to "ride the rods."

At Tucson, Ariz., Frank and friend were nabbed by railroad "dicks." Pleading that they were on their way to attend the university, the unshaven, slovenly pair got little but guffaws from the railroad lawmen. They were thrown into jail.

Next day two strangers bailed them out. These strangers were soon identified as University of Arizona boosters, said Frank.

Walsh said the men treated them like fraternity brothers, "which we had already become without knowing it."

The boosters said it would be a shame to have to travel to southern California without any money and the railroad cops hanging around like that. Frank and compadre agreed, so they stayed on at Arizona U, becoming regulars on the football team.

"We didn't realize until our senior year that six of the first string were ex-hobos and the railroad dicks were Arizona alumni who steered likely looking bums onto the campus."

But that's nothing," avers Walsh with a poker face. "Dean Cromwell is still waiting for two track men from Minnesota who have been enroute 27 years."

Coast 9 Edged, 4-3, by Cherolis

An error by the short stop in the seventh inning gave Cherolis' Nursery one run and a 4-3 victory over Coastside Merchants in the San Francisco "A" league championship game Sunday at Marchbanks park.

The Merchants, National league champs, jumped on the American circuit title winners in the second inning for two runs to hold the lead until the seventh frame.

Butch Carr tripled to open the second inning and Mel Hanson walked. A fielder's choice scored Carr, while Hanson moved to third on an error, scoring on a fly ball.

Mike York pitched two-hit ball for the Coastiders up to the fourth inning, when he was relieved by Grant Gay after developing a sore arm.

The nurserymen got one run in the fourth on an error, picked up another in the sixth on a triple and a single, then opened the seventh with two runs off a pinch-hit triple and an error.

Scoreless since the second canto, the Coastiders came out of their slouch briefly in the seventh, as Gay doubled, backed up by Lou Piccoliti's soaring triple that went all the way to the clubhouse. The smash would have probably been good for a homer had a more fleet runner hit it. The Coast club then got set down in order, and failed to come up with another rally.

Gay allowed four hits in his

Westlake Wins Pair In Marin

Westlake Merchants captured a pair of contests in Marin county last weekend, whipping San Rafael, 9-3, Saturday and coming back with a 6-4 win over Tiburon Sunday.

Lowell Creighton registered the win over Tiburon, after a shaky first inning in which he allowed three runs on four hits.

The Jefferson high control artist calmed down until the seventh, when two hits and a walk scored a Tiburon run, but a double play cleaned the bags and saved the situation.

Creighton gave up a total of nine hits, while his teammates garnered seven.

Ralph Gentile paced Westlake hitting with two in four tries.

Highlighting the win over San Rafael was Johnny Chiatello's 360 foot home run in the sixth inning with two men on base.

Don Henson pitched a steady game for seven innings when he was relieved because of a blister on his finger. B. Scheffer took over for him. The Merchant pitchers gave up a total of eight hits, while Westlake collected a dozen.

Roy Cizmich got three hits in four attempts for the Westlakers.

Faculty Drubs Jeff Varsity, 7-3 For Sixth Straight Win

Two-hit pitching by Jack Williams and a home run by Joe McGrath highlighted Jefferson High school faculty's 7-3 win over the varsity recently.

It was the sixth straight victory for the teachers in the half-dozen years the traditional game has been held. The varsity's three runs gave them the distinction of being the first schoolboy team to score on the faculty dreadnaughts in the past six years.

Williams checked the youngsters with two singles, as he struck out six batters and gave up only one walk.

Ino Patron carried the pitching load for the varsity, handing out nine safeties, two of them for extra bases, giving out two walks and striking out three batsmen.

Football coach McGrath got his four-base clout in the fourth inning with nobody on. The ball sailed neatly over the left-fielders' head.

The "old men" got three tallies right off as Byron Van Alstyne singled in two base runners, then was driven home himself on a single by Tony Giammona.

The faculty added one more in the second as Lou Martin singled with the bases loaded. McGrath's blast in the fourth made it five runs for the instructors, and they rang up two more in sixth as Van Alstyne tripled with two men aboard.

The faculty line-up included: Williams, p; McGrath, 1b; Giammona, c; Glen South, ss; Martin, 3b; Ernie Ribera, 2b; Mike Orlich, lf; Joe Vollebrect, rf; Howie McGill, cf; Van Alstyne, lf. Umpire was John Mongan.

Colma Firemen, Realtors Set Pace in Rec Softball

The Daly City recreation department's Adult Softball league went into the fourth week of play as the Fraternal Order of Eagles copped their second consecutive contest with a lopsided 34 to 6 victor over OLPH Men's club. The Eagles, led by George Lallord's three circuit clouts, scored in each of the seven innings play. The loss was the fourth in a row for O.L.P.H. Bud Lyett and third baseman Eddie Coleman looked good for the losers.

In the first game of Tuesday evening's double header the Colma Fire department behind, clutch pitching of Lou Nannini, knocked over the favored Daly City Fire Department, 5 to 2.

The Daly City Firemen, behind 5-1, made a determined bid to salvage the victory in the final inning when with two out Rich Guisti, Vern Wallagora, Al Niunu and John Murphy blasted four consecutive hits. The rally fell short, however as Wallagora was nailed at the plate attempting to score on Murphy's liner to left. The Colma Fire Department now has a 3-0 record which places them in the first place tie with Lagomarsino Realty.

Lagomarsino Downed

In the evening's second game played at Marchbanks the powerful Daly City Drugs handed Lagomarsino Realty their first defeat of the season, 11-2, behind the great pitching of right hander Del Underwood. Lagomarsino, however, protested the game on the grounds that Underwood was pitching in the San Francisco Bar League (B classification) which is a violation of Daly City League Rules. The Lagomarsino accusation upon investigation was found to be correct, therefore the protest was upheld giving the reality team their third consecutive victory without defeat.

Ralph's Cleaners won their second game in three starts Wednesday evening when the Cleaner nine edged the hustling Shannon Hardware Club, 6-4, in a game highlighted by the pitching of Mike Orlich and Ron Quint. Ralph's got off to a flying start when Frank Ingersoll hurried home on Tony Giammona's tremendous triple to left center. Giammona scored the second run of the ballgame moments later on Rodrigo's sacrifice fly to left.

Heavy Hitters

Lou Martin and Jerry Silverstein Managed the heavy hitting for Ralph's.

Next week a pair of double headers highlight the recreation department's softball schedule. On Monday at Jefferson's diamond Ralph's Cleaners takes on the undefeated Colma Fire Department in a crucial while on the same evening the OLPH Men's Club engages the Broadmoor Police Department at Marchbank. On Tuesday at Jefferson the Daly City Fire Department battles the strong Daly City Drugs company, the Eagles playing on the same night at Marchbanks go up against Lagomarsino Realty.

SUDS CLOBBER EPIPHANY FIRST TIME IN 3 YEARS

OLPH Suds waited until the CYO league was over to do it, but they broke a three-year jinx Saturday at Marchbanks by clobbering Epiphany, 9-3.

It gave the Suds a measure of revenge, as Epiphany was the only club to beat them during the regular Catholic league play, pushing them into second with a 4-1 mark. The OLPH nine had not beaten Epiphany in three years.

The tide started in favor of the locals in the fifth inning when Paul Tapia doubled with the bags loaded to give OLPH a 5-3 advantage. The rally continued with two more runs crossing the plate for OLPH that inning.

They boosted their 7-3 advantage in the sixth frame with two more runs on errors.

Timmy Curtin did a sterling job on the mound for OLPH with a three-hit performance, striking out seven and walking only two.

The Suds had a total of nine hits, three of them doubles by Tapia, Sonny Martinez and Ino Patron. Patron and Martinez each had two hits in four attempts. OLPH's overall season record is now 17 wins, two losses.

Suds players are scheduled to take part in the Daly City Recreation Junior league which opens June 25.

Coaching the Suds this season are Walt Gillies, Fred Tarango and Al Coleman.

MIDGET BASEBALL OUT—MARTIN SAYS NO PARENT INTEREST

Lou Martin, director of the summer recreation department hardball program, said today that the Midget league has been dropped because of lack of parent interest.

The league, for youngsters from 8 to 10 years old, was scheduled to get underway Saturday.

The Midget circuit was conducted successfully here last summer but apparently there aren't enough parents to handle the activity this season, Martin said.

FEDERAL EXCISE TAXES

Highway users in the United States paid \$2,183,486,000 in Federal excise taxes in 1953, according to the National Automobile Club.

Handed a four-run advantage in the first inning, Jefferson's Lowell Creighton worked the first three innings without allowing an earned run as he was credited with victory in the first annual North-South Peninsula Athletic league senior all-star game Saturday at Stanford.

The north team, never behind, took a 7-5 decision from their southern rivals.

Creighton allowed only one run, that unearned, in his three-inning stint, while striking out one batter and walking none. He gave up three hits, all singles coming in the second inning, when the South got their single tally off of him. An infield error was responsible for the tally.

Al Figone, another Jeffersonite, held down the third base spot for three frames, getting two hits in three trips.

He was credited with one put out and one error was chalked up against him.

Indian Rich Guisti worked at right field, going hitless and errorless. John Murphy, fourth member of the Jefferson team scheduled to play in the all-star fray, didn't make the trip.

The North had a total of nine hits, against seven for the southern team. In the error department, the North had a sorrowful eight, against two for the opposition. Despite the abundance of errors, all but two of the game's 12 runs were earned.

TWO JEFF GRIDDERS WILL PLAY FOR SF AGAINST EAST BAY

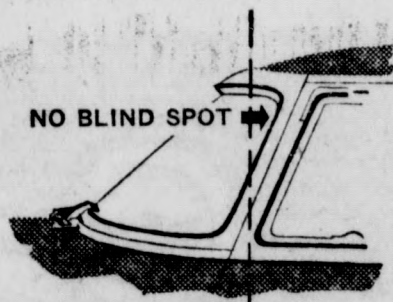

Mike Cloonan and Harry Sampson, outstanding linemen with the 1954 Jefferson High school varsity football team, have been selected to the San Francisco all-star eleven which will play an East Bay team this August at Kezar stadium.

This is the first time players from outside San Francisco have been named to the standout team. Sampson was named tackle on the All-Northern PAL last fall, while Cloonan, an end, won honorable mention on the All-PAL club.
